DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3, 5-6, 8-13, 15-16, 18-21, 23-24, 26-31, 33-34, 36-40 allowed over the prior art of record.

2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Pat No. 5,805,452 to Anthony et al and U.S. Pat No. 5,285,383 to Lindsey et al.

Anthony et al disclose a system and method of operating a cotton gin to process cotton, wherein during processing numerous cotton quality data are taken at various stages of ginning.

Lindsey et al disclose a method of recording cotton bale information in a database for more efficient transactions.

As per claims 1, 9, 19 and 27, the closest prior art of record taken either individually or in combination with other prior art of record fails to teach or suggest a fiber quality measurement instrument located in a cotton gin for providing fiber quality data on bale classing samples cut from individual bales at a bale press substantially concurrently with the making up of cotton into individual bales. Claims 2-3, 5-6, 8 and 37 depend upon claim 1 and have all the limitations of claim 1 and are allowable for the same reason. Claims 10-13, 15-16, 18 and 38 depend upon claim 9 and have all the limitations of claim 9 and are allowable for the same reason. Claims 20-21, 23-24, 26 and 39 depend upon claim 19 and have all the limitations of claim 19 and are allowable

for the same reason. Claims 28-31, 33-34, 36 and 40 depend upon claim 27 and have all the limitations of claim 27 and are allowable for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
